

## ENABLING ACADEMY EMPLOYMENT TRANSITION PROGRAMME

Yayasan Gamuda established Enabling Academy in 2016 to promote sustainable employment for people with autism. The Enabling Academy conducts an employment transition programme that trains and places young adults with autism in companies that embrace diversity and inclusion in their workforce.

### Our Aim

- Offer an employment transition programme that provides pre-employment training and job placement support for adults with autism to achieve sustainable white-collar and professional employment.
- Collaborate with partner companies to create sustainable employment opportunities for people with autism.

### Our Approach

- Prepare individuals with autism for white collar and professional jobs
- Equip them to be contributing workforce in their field of training
- Create awareness on the employability of individuals with autism
- Prepare and equip partner companies to employ with a support ecosystem
- Replicate employment transition programme nationwide by being a resource centre that provides training for trainers as well as training manual to implement an employment transition programme.
